DESCRIPTION

This report includes our required quarterly investment report for Q1 2023.

STAFF RECOMMENDATION

Motion: I recommend to the Board that the Board receive and file the Quarterly Investment Report for the first quarter of 2023.

Discussion

The District's Investment Policy requires the Finance Officer/Treasurer, which is the General Manager, to make quarterly investment reports to the Board as detailed further below and in the attachments.

Quarterly Report

Policy: Finance Officer/Treasurer shall file a quarterly report that identifies the District's investments and their compliance with the District's Investment Policy. The quarterly report must be filed with the District's auditor and considered by the District's Board of Directors within thirty (30) days after the end of each quarter (i.e., by May 1, August 1, November 1, and February 1) (California Government Code § 53646).

The District holds Treasury Investments in US Bank as detailed in the attached "Detailed quarterly investment report first quarter of 2023."

The District holds funds in checking, LAIF, and money market accounts as detailed in the attachments for each account. Pursuant to District policy, these funds require limited quarterly reporting of the most recent ending statements for the quarter. See attachment.

Compliance: The District's investments comply with the Investment Policy, California Government Code § 53646, and California Government Code § 16429.1.

Cash Flow: Based on our analysis, the District can meet cash flow requirements, including any pool expenditure requirements, for the next six months.

Recent Purchases

The district purchased two US Treasury Bills, one for \$364,924.27 (March 2) and the other for \$97,641.25 (January 9) which will both mature early in the 2023/2024 fiscal year for \$374,000 and \$100,000, respectively. The Bills are held within our Wastewater Redemption and Reserve Funds for legal reserve requirement purposes. These investments will result in a combined \$11,434.48 in earnings. All earnings and income from these investments reduce future costs to taxpayers related to the wastewater debt.

The district also purchased one US Treasury note for \$177,990.24 (January 9) with a par value of \$180,000 that will mature on August 31, 2023. The interest rate is 2.75% and expected income and earnings after maturity are \$5,168.46. The note is held within our Wastewater Redemption Fund.

Staff will continue to review cash flow needs of the funds, legal reserve requirements, and current interest rates to determine the appropriate allocation of reserves and investments.

Publicly traded assets are valued in accordance with market quotations or valuation methodologies from financial industry services believed by us to be reliable. Assets that are not publicly traded may be reflected at values from other external sources. Assets for which a current value is not available may be reflected at a previous value or as not valued, at par value, or at a nominal value. Values shown do not necessarily reflect prices at which assets could be bought or sold. Values are updated based on internal policy and may be updated less frequently than statement generation.
