Motion: I move that the Board adopt Resolution No. 2024-08 acknowledging receipt of the 2023 state-mandated annual fire inspections in the community of Los Osos required by California Health and Safety Code Section 13146.4.

DISCUSSION

California Senate Bill 1205 (SB 1205) was signed into law on September 27, 2018, after the tragic Ghost Ship Fire (December 2016) brought national attention to California and put a spotlight on fire safety laws as well as the performance of fire inspections. Effective January 1, 2019, SB 1205 amended the California Health and Safety Code to add Section 13146.4. This new provision requires those fire departments that are mandated to perform annual inspections pursuant to Sections 13146.2 and 13146.3 to report annually to its administrating authority on compliance therewith. These sections in general, mandate that city and county fire departments conduct annual inspections of all public and private schools, hotels, motels, lodging houses, and all apartment buildings (except individual dwelling units).

Pursuant to SB 1205, the South Bay Department submits this report in order to demonstrate its compliance for the 2023 calendar year.

The annual inspection compliance rates are as follows:

Educational Group E Occupancy inspections (public and private schools) were completed on 4 of the 4 Group E occupancies, buildings, structures and/or facilities for 100% compliance.

Residential Group R Occupancy inspections (hotels, motels, lodging houses and apartment buildings) were completed on 29 of the 29 Group R occupancies, buildings, structures and/or facilities for 100% compliance.
