SUBJECT: Agenda Item 11G – 06/04/2015 Board Meeting
Authorization to Approve Amended and Restated
Hazardous Materials Team Cooperative Agreement

DESCRIPTION

The San Luis Obispo Regional Hazardous Materials Response Team (hereinafter, "Team") has been in operation for over 20 years. The Team's Board of Directors has identified issues which currently hinder their success. Primary among these issues are inadequate funding and tight limits on operations and administration. After considering a number of alternatives, the Team's Board of Directors is proposing a new, re-stated Cooperative Agreement and an increase to the annual membership fees for member agencies. This staff note authorizes South Bay Fire Department and the LOCSO to continue its participation with the Team.

STAFF RECOMMENDATION

Motion: I move that the Board adopt Resolution No. 2015-15, and authorize the General Manager to sign the amended and restated San Luis Obispo County Regional Hazardous Material Cooperative Agreement governing the Hazardous Materials Team and thereby approving the LOCSO and South Bay Fire Department's continued participation in the Team and approving an increase in annual membership fees from \$1,000 to \$2,000 dollars in FY 2015/16 and adjusted annually based on a percentage not to exceed the previous year's Consumer Price Index (CPI) for the Los Angeles Region.

BACKGROUND

Organization

The Team was established in 1993 through a Cooperative Agreement (hereinafter, "Agreement") signed by the governing bodies of all fire agencies in the county. South Bay Fire Department, administered at that time by the SLO County Engineering Department was a participant and

signature of this agreement. When the LOCSD was formed, it accepted the responsibilities of the South Bay Fire Department and it's signed agreements without formally recognizing the Hazardous Materials Cooperative Agreement.

In 2015, the Team reviewed the 22 year old Agreement and recommended some adjustments to improve the function of the Team. The San Luis Obispo County Board of Supervisors has approved these adjustments and requests that the new Agreement be approved by Board Resolution of the participating agencies including signing the Cooperative Agreement. The due date is no later than July 1, 2015.

Agencies participating in the Team are referred to as Member Agencies, and employees of those agencies who respond to emergencies with the Team are referred to as Team Members. The Agreement specifies that Member Agencies will provide funding for the Team, and that the Team will be governed by a Board of Directors.

The Board of Directors establishes team policies and agreements in accordance with the purpose of the Agreement, and oversees the Team's finances and the property utilized by the Team. It also oversees the operation of the Team from a strategic level. Actual operation of the Team on incidents is directed by the Team Leader and/or the Incident Commander.

The Team is composed of dedicated Members from Member Agencies. Team Members are employees of those agencies who have volunteered to serve on the Team. The fire service provides the greatest number of Team Members and of administrative support.

The Team's organizational structure was redefined in 2013 by the Board of Directors. Oversight duties of the Team are now divided between two positions: a Team Leader and a Business Manager. Duties for both positions are defined in formal job descriptions developed and managed by the Board of Directors.

The Team Leader is a full-time fire department member who completes his/her Team Leader roles while on-duty and at no additional cost to his/her fire department or to the Team. The position is intended to be rotated to share this workload burden among Member Agencies. The Team Leader manages operational and training programs, coordinates the efforts of Member Agencies and Team Members, and advises the Board of Directors. The position oversees newly developed committees for Training, Policy, Equipment/IT, and Outreach. These committees develop and maintain Standard Operating Guidelines (SOG's), determine equipment needs, and take on related tasks.

The Business Manager is a part-time, paid employee of the Team. The City of San Luis Obispo manages payroll for the position, and is reimbursed by the Team for these costs. This position provides guidance and administrative support to the Team and to the Board of Directors, administers the budget, and keeps track of all Team Member requirements.

The previous Agreement established funding for the Team through an annual assessment of \$1,000 paid by each of the Team's 21 Member Agencies. The total annual budgeted revenue for the Team has remained unchanged since 1993. During this time the Team benefitted from significant grant funding used to provide the training and equipment needed for safe and effective operations. However, the Team has determined that this funding mechanism is not sufficient to continue the safe operation of the Team.

The new Agreement now contains the following fee schedule:

Parties	Amount to Contribute First Year	Total First Year
County (1)	\$10,000	\$10,000
Cities (7)	\$ 5,000	\$35,000
Special Districts and other agencies (12)	\$ 2,000	\$24,000
		\$69,000

This is an increase from \$1,000 that was paid annually by the LOCSD through Station 15 – South Bay.

All other Member Agencies, listed above, have or will be requesting approval of this Resolution and the Cooperative Agreement from their governing bodies. Staff does not expect any Member Agencies to opt out of the new Cooperative Agreement in San Luis Obispo County.

If the LOCSD does not adopt Resolution R-2015-15 and sign the amended and restated Cooperative Agreement than Station 15 – South Bay and the LOCSD will pay all costs of any hazardous material incident within the South Bay Fire Department boundaries that the Team responds to. In this case, the LOCSD and Station 15 – South Bay could choose to recover costs through civil litigation from the responsible party to reimburse costs of the Team and other direct and indirect costs if one is found.

FINANCIAL IMPACTS

Station 15 – South Bay’s annual assessment will increase from \$1,000 to \$2,000, and will change annually based on the Consumer Price Index. This new assessment structure is expected to provide adequate funding for the Team to fund most, if not all, of its operating costs.

Staff has budgeted \$2,000 in the Proposed 2015/16 Fund 301 Budget Line Item 7222 submitted to the General Manager for BODs review.

Respectfully Submitted,

Rob Lewin, Unit Chief
